Seventh Annual
Saint Clare's Walk
 for Breast Cancer Awareness

Join us for a day of fun and fitness,
 all for a great cause!

One in eight women will face breast cancer in their lives. In 2007, an estimated 240,510 new cases were diagnosed. What can we do to help?

The Seventh Annual Saint Clare's Walk for Breast Cancer Awareness is not a race, it's a three mile walk around the perimeter of the Rockaway Townsquare Mall to raise awareness of breast cancer in our lives and the lives of those we love. It's also to support *The Women's Health Center* at Saint Clare's, the region's front line defense against this disease.

Funds from this year's Walk will be designated for the purchase an ultrasound machine with supporting equipment that will provide women with the most advanced diagnostic technology for breast cancer.

The Women's Health Center is the region's first facility dedicated to the special medical needs of women. In the fight against breast cancer, the Center provides state-of-the-art screening, diagnostic services, treatment, counseling and education, supported by innovative technology in an environment that promotes a sense of well-being.

From digital and traditional mammography to breast ultrasound and stereotactic biopsy, Saint Clare's offers the most advanced tools for diagnosis. The Center also offers a Breast Surgery Panel, eight of the area's top surgeons who have come together to lead a multidisciplinary team that helps patients navigate diagnosis, surgery, treatment and after care.
